SUPPLEMENTARY INFORMATION:

Background

On February 10, 2025, the President issued the Aluminum Presidential Proclamation adjusting imports of aluminum into the United States (Proclamation 10895 of February 10, 2025) (90 FR 9807). The Aluminum Presidential Proclamation instructed the United States International Trade Commission, in consultation with the Secretary of Commerce, the Commissioner of United States Customs and Border Protection (CBP) within the Department of Homeland Security, and the heads of other relevant executive departments and agencies, to revise the HTSUS so that it conforms to the amendments and effective dates directed in the Aluminum Presidential Proclamation within ten days of the issuance of the Proclamation. The Proclamation directed and authorized the Secretary of Commerce to publish any such modifications to the HTSUS in the **Federal Register**. BIS published such modifications in Annex 1 to the notice, *Implementation of Duties on Aluminum Pursuant to Proclamation 10895 Adjusting Imports of Aluminum Into the United States*, on behalf of the Secretary of Commerce on March 5, 2025 (90 FR 11251).

BIS in this notice revises Annex 1 to add the following two additional aluminum derivative products in Annex 1:

(1) beer; and

(2) empty aluminum cans.

All other tariff codes for aluminum and aluminum derivative products in Annex 1 remain unchanged.

Note that importers are required to report to U.S. Customs and Border Protection (CBP) the primary country of smelt, secondary country of smelt, and country of cast on imports of all aluminum articles subject to the aluminum and aluminum derivatives section 232 measures. Monitor CBP's Cargo Systems Messaging Service for guidance on entry filing requirements.

Deputy Assistant Secretary for Technology Security.
